BEYOND DREAMS FOREX MUTUAL FUND

What is forex mutual fund?

Compounding Profit

Forex Trading

Forex trading, also known as foreign exchange trading, is the buying and selling of currency pairs to profit from exchange rate fluctuations. It's one of the most actively traded markets in the world, with daily \$6.6 trillion.

Forex Mutual Fund

A forex mutual fund is a company that pools money from many investors & invests it in the Forex Market.

Minimum Investment

Minimum Investment: Any investor can invest a minimum & maximum of \$30 in a single account.

Daily Compound Profit

Investors earn a daily 0.5% profit on \$30 for the next 3 years with compound interest. The final amount after 3 years will be \$7032.

Compound profit is the 8th Wonder of the world
